About

I am a seasoned UX/UI Designer with over 5 years of experience working with software companies. As a dynamic and dedicated professional, I possess a strong talent for designing user-friendly web applications. I am enthusiastic aboutleveraging my creativity and expertise in a challenging UX/UI design role. I am excited about the prospect of contributing to innovative projects and crafting compelling user experiences.

Experience

UX/UI & Graphic Designer | Freelancer, Jaipur, Rajasthan

October 2023 - Present

Currently, I am working as a freelancer, undertaking a diverse range of responsibilities. These include mobile app design, website design, user research, prototyping, wireframing, dashboard design, graphic design, logo design, social media ads creation, and banners design. As a freelancer, I am fully engaged in delivering high-quality design solutions tailored to the specific needs of each client.

UX/UI Designer | Collaberus Technologies Pvt., New Delhi

May 2021 - September 2023

At Collaberus Technologies Pvt. Ltd., my designation is UI/UX Designer. This company is product and client-based, and my role primarily involves crafting designs that align with the specific needs of our clients. I am responsible for designing mobile applications, websites, dashboards, wireframes, and prototypes. Additionally, I conduct design testing, create logos, design social media ads, and engage in product research and planning. From inception to the final project, I am involved in various aspects of the design process.

Graphic & UI Designer | Girnar Soft (Cardekho), Jaipur

May 2019 - March 2021

At Cardekho Company, I held the position of Graphic & UI Designer. My responsibilities encompassed designing posters and banners for social media, crafting materials for team events and birthdays, Designing websites and mobile applications, creating icons, drafting team flow charts, redesigning the company logo, and Creating an admin dashboard. However, the paramount task was to offer tailored solutions by designing websites or mobile applications that addressed the specific requirements of our clients.

Web & Graphic Designer | Orion InfoSolutions, Jaipur

November 2017 - April 2019

I worked as a Junior Web Designer at Orion Infosolutions Company in Jaipur. My responsibilities included designing websites and graphic elements, creating print ads, designing logos, branding, and converting designs to HTML for website development.
